Smart Design

## KEY features

### Unique to you

APPACTIV allows you to build up and implement any business process you desire. There is no limitation, if you can draw it, simply build it.

### Speed delivery

Our customers are delivering system solutions quicker to their teams than ever before and at low cost. Any team of any size will benefit.

### Make integrations easy

APPACTIV has native integration to MS OFFICE and comes complete with a RestAPI allowing integrations to any system easily. SAP and Oracle too!

## Real time Access

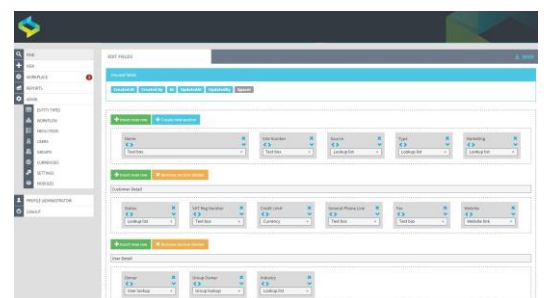

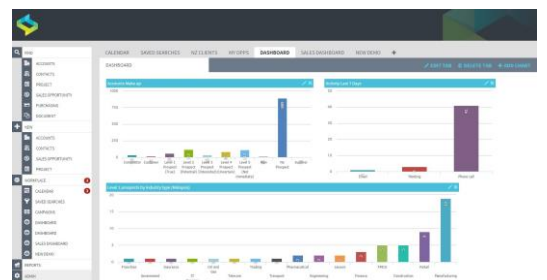

As a web platform APPACTIV is accessible anywhere, on any browser and any device.

## Boardroom to Production

The APPACTIV low-code platform will enable your organisation to implement new strategy within minutes or hours.

## Any process you can dream of

Our corporate clients use APPACTIV to implement ERP, CRM, SRM, EIM, DMS and more!
